Addition & Subtraction

I can solve problems with addition and subtraction, including those involving numbers, quantities and measures by using objects or pictures. ☐

I can answer simple addition and subtraction questions in my head as well as by writing them down. ☐

I can recall all number bonds to 10, use these to work out bonds to 20, and link other related facts ☐

I can use addition and subtraction facts to 20 quickly and work out similar facts to 100. ☐

I can add and subtract a two digit number and a one digit number mentally and when using objects, number lines and pictures. ☐

I can add and subtract a two digit number and tens mentally and when using objects, number lines and pictures. ☐

I can add and subtract 2 two digit numbers mentally and when using objects, number lines and pictures. ☐

I can add and subtract 3 one digit numbers mentally and when using objects, number lines and pictures. ☐

I can show that adding 2 numbers can be done in any order but subtraction cannot. ☐

I can show that subtraction is the opposite of addition and use this to check my work. ☐

I can remember doubles and halves up to 20. ☐

I can use estimation to check that my answers to a calculation make sense. ☐

I can solve missing number problems using addition and subtraction. ☐

Number & Place Value

I can count forward and backwards in jumps of 2, 3 and 5 from 0 and in 10s from any number. ☐

I can find the place value of each digit of a number with tens and units. ☐

I can find and show numbers using different equipment such as number lines and number squares. ☐

I can compare and order numbers from 0 to 100 using <, > and =. ☐

I can read and write numbers to 100 in numbers. ☐

I can read and write numbers to 100 in words. ☐

I can use place value and number facts to answer questions. ☐

I can partition two-digit numbers into different combinations of tens and ones using apparatus. ☐

I can use reasoning within addition. ☐

I can recall the multiples of 10 below and above any 2 digit number. ☐

Fractions

I can find, name and write fractions of a length, shape, set of objects or amount, including 1/3, 1/4, 2/4, and 3/4. ☐

I can write simple fractions facts such as 1/2 of 6 = 3 and 2/4 = 1/2. ☐

Multiplication & Division

I can remember and use multiplication and division facts for the 2, 5 and 10 times tables and recognise odd and even numbers. ☐

I can answer multiplication and division problems within the tables using x, ÷ and =. ☐

I can show that multiplying 2 numbers can be done in any order but division cannot. ☐

I can answer questions involving multiplication and division mentally and with objects. ☐

I can answer questions involving multiplication and division using arrays and repeated addition. ☐

I can use multiplication facts for 2, 5 and 10 to make deductions outside known multiplication facts ☐

I can solve multiplication and division word problems with more than one step ☐

I can rewrite addition statements as simplified multiplication statements ☐
